Freedom Through Worship

After being stripped, beaten, flogged and thrown into prison Paul & Silas did their own version of the Jailhouse Rock.

Acts 16:25 *“About midnight Paul & Silas were praying and singing hymns to God, and the other prisoners were listening to them. **26** Suddenly there was such a violent earthquake that the foundations of the prison were shaken. At once all the prison doors flew open, and everyone’s chains came loose.”* **There is freedom through worship!**

GUT CHECK

Seminal moments in history:

Do you remember where you were, and what you were doing the instant you became aware of the 9-11 attack? How about the Space Shuttle disaster? Or, if you’re old enough, the winter storm of ‘78?

These are **seminal moments** that occur once in a lifetime. Looking back, how did you react? Was it in fear, anxiety, and despair? Or do you remember digging deep inside and finding determination and resolve? Perhaps you even felt a sense of righteous anger that made you want to stand up, brush yourself off and in Jesus’ name **‘shout down the devil’**

The COVID - 19 crisis is a **seminal moment** that will reverberate through your memory forever. Rest assured that one day you will look back at this moment in time and reflect on your own personal behavior and recall how you reacted to what will come to be known as the 2020 COVID crises.

When that time comes will you be able to say that your **faith** in God pulled you through? And that during the crisis you were able to pronounce the love of Christ to your unsaved friends and family? Hey Radio is a tool for you to share with friends. Like **the songs that Paul & Silas sang**, Christian music can help to break the chains of fear and hopelessness.

Technology, COVID-19, and Hey Radio

There are some things that you'll purchase that you hope you'll never have to use. Like, life insurance, extended warranties, and gym memberships. Years ago Hey Radio spent big bucks on an Emergency Alert system. You know, that obnoxious screeching noise that comes across the air waves right in the middle of your favorite song. It's a nationwide signal sent by FEMA in the case of an emergency. Like an Amber alert, or a tornado. Or, most of the time, it's 'just a test'.

In the month of March if you were listening, Governor Gretchen Whitmer, you may remember, broke through the normal programming to bring you an urgent public address concerning the COVID 19 pandemic. Urging all of us to stay home, wash our hands, and so forth. Praise God for this technology provided to help broadcast such important messages.

On Your Mark, Get Set, Hey 5k!

Get your sneakers on and start training for this year's **Hey 5K**. Here are some important web addresses to get you there:

Always! Here For You

Hey Radio is NOT closed for business.

The ripple effects of the COVID 19 coronavirus go beyond sickness. The range of illness goes from symptoms of a mild cold, possible hospitalization, and even death. As devastating as that is, the damage runs even deeper. As discussed in the cover story, this seminal moment has created an entirely new paradigm. Businesses shut their doors. Schools closed to students. People have learned to work from home, go to school online, and do their shopping at the least likely hours of the day. No matter what comes, Hey Radio will always be on the air broadcasting the gospel of Jesus Christ. To keep this promise, we need your support. Please consider a donation to this station.

Hey Radio PO Box 1511 Muskegon, MI 49443

Every 8 years each radio station in America has to re-apply to the Federal Communications Commission for the purpose of renewing its FCC license. It's not the first time Hey Radio has had to jump through these hoops. The first time was 2012 and now here we are again. The process requires the filing of many forms including The Equal Opportunity form, Biennial Ownership form, a 303-s form, a 396b form and more. It's worth jumping through all the hoops to continue providing the one broadcast that reaches the hardest converts. The next renewal isn't until 2028. Hey Radio will always be here for those who thirst for the word of God delivered through Rock and Roll!
